22nd Annual AMIGOS & Lions Club Run and Walk for Sight and Hearing

On Saturday, October 22nd, 136 local community members participated in the Forest Grove Lions Club Run & Walk for Sight and Hearing, benefitting AMIGOS Eye Care. Participants ran or walked one of three different route options and many showed off their tutus in honor of the race's 22nd anniversary.

In addition to those who participated in the event, AMIGOS members volunteered at the event, helping with packet pickup, route flagging, and keeping the runners and walkers safe during the event. We are grateful to all of the participants and volunteers and to the Lions Club for putting on such a great event that will help us continue to provide eye care through our trips.
